

PONT TRAINING

Working with farmers and understanding livestock grazing

6th June 2017

Bridgend location TBC

This course will help members of the conservation community understand more about livestock grazing and management, the farming year, rules and regulations and ways of talking to farmers about land management. By the end of the day participants will have gained a greater understanding of farming and increased their awareness of the issues faced by the agricultural community. The course will be delivered on the farm by PONT staff with input from the host farmer.

Cost £25 pp

To book email: emma.douglas@pontcymru.org
