

DOLAU DYFI PROJECT WILDFLOWER SPOTTER SURVEY

You can carry out the survey in your garden, on your farm, or when out for your daily work. You can do this anytime between April and September as different flowers will be in bloom. Tell us where you first saw the flower by writing the habitat code in the box next to the plant name e.g. Bluebell in woodland is labelled 3

Bluebell

☐

Cowslip

☐

Primrose

☐

Early Purple Orchid

☐

1
Garden

2
Meadow

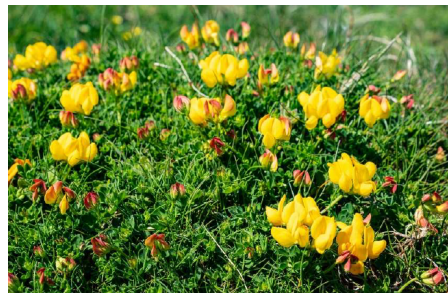

3
Woodland or
hedge

4
Road or
path verge

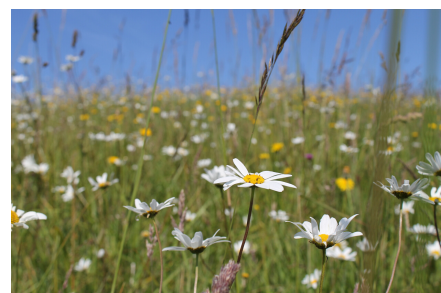

5
Wetland
